OBJECTIVE

Bilingual Medical Office Administration student at Durham College seeking the Field Placement Student position. Offers 17+ years of teaching experience with transferable communication and administrative skills, Microsoft Office Specialist certification, and training in medical terminology and EMR to support front-desk operations, patient scheduling, accurate documentation, billing-related tasks, and confidential, empathetic patient interaction.

EDUCATION

Diploma in Medical Office Administration – Durham College, Oshawa, ON September 2025 – Present

- Dean's Honour List – Fall 2025
- Relevant courses: Medical Terminology, Health Office Procedures, Financial Administration, Professional Office Practices, Computer Applications (Word, Excel, Outlook), and Communications

Bachelor of Arts, English Language Teaching – Gazi University, Ankara, Turkey Graduated in 2003

HIGHLIGHT OF QUALIFICATIONS

Communication & Patient-Facing Skills

- Skilled at building rapport and communicating clearly and empathetically with people from diverse cultural and socio-economic backgrounds, developed over 17+ years of teaching and directly transferable to patient interaction.
- Experienced in handling a high volume of inquiries with timely, professional, and courteous communication.
- Maintained a calm, person-centred manner while managing competing demands with patience and tact.
- Fluent in English; native Turkish speaker.

Administrative & Organizational Skills

- Strong coordination and organizational skills, keeping daily operations and schedules running smoothly.
- Managed calendars, records, and filing systems with consistent accuracy and confidentiality.
- Able to manage multiple priorities and meet tight deadlines while maintaining accuracy and attention to detail.
- Introduced to patient intake, appointment scheduling, billing-related tasks, and medical transcription tools through program coursework.

Technical & Data Skills

- Strong data entry and document formatting skills across multiple software programs and digital tools, with close attention to accuracy.
- Operate Microsoft Office (Word, Excel, Outlook) confidently as a certified Microsoft Office Specialist, with working knowledge of Python and Canva.
- Trained in electronic medical records (EMR) and medical terminology through the Medical Office Administration program, with emphasis on accurate data entry and secure record-keeping.

BASAK ERDEM
